LE GOUVERNEMENT SUÉDOIS et LE GOUVERNEMENT DU ROYAUME-UNI DE GRANDE-BRETAGNE ET D'IRLANDE DU NORD (ci-après dénommé le Gouvernement du Royaume-Uni), désireux de conclure un accord en vue de la reconnaissance réciproque des certificats de franc-bord qui ont été ou pourront être délivrés à des navires auxquels la Convention internationale de 1930 sur les lignes de charge n'est pas applicable (ci-après dénommés navires non visés par la convention), sont convenus de ce qui suit :

Article premier.

Le Gouvernement suédois, reconnaissant que des dispositions ont été prises par le Gouvernement du Royaume-Uni à l'effet d'assurer l'application des stipulations de la Convention internationale sur les lignes de charge aux navires non visés par cette convention, convient que les certificats de franc-bord délivrés par le Gouvernement du Royaume-Uni, ou en son nom, à des navires britanniques non visés par la convention et attestant que les lignes de charge indiquées dans les certificats ont été établies conformément aux dispositions du « Merchant Shipping (Safety and Load Line Conventions) Act » de 1932, auront, dans les ports suédois, le même effet que les certificats de franc-bord délivrés par le Gouvernement suédois ou en son nom.

Article 2.

Le Gouvernement du Royaume-Uni, reconnaissant que des dispositions ont été prises par le Gouvernement suédois à l'effet d'assurer l'application des stipulations de la Convention internationale sur les lignes de charge (sous réserve de la modification mentionnée au dernier alinéa du présent article) aux navires non visés par la convention, convient également que les certificats délivrés par le Gouvernement suédois, ou en son nom, à des navires suédois non visés par la convention et attestant que les lignes de charge indiquées dans les certificats ont été établies conformément aux dispositions de la convention auront, dans les ports du Royaume-Uni, de toute colonie et de tout protectorat britanniques ou de tout territoire sous mandat à l'égard duquel le mandat est exercé par le Gouvernement du Royaume-Uni, le même effet que les certificats de franc-bord délivrés par le Gouvernement du Royaume-Uni ou en son nom.

La modification dont il est question à l'alinéa précédent et sous réserve de laquelle le Gouvernement suédois applique les dispositions de la Convention internationale sur les lignes de charge aux navires non visés par cette convention, porte sur l'article 3 de la convention, qui sera considéré comme étant ainsi conçu :

e) Un navire neuf est un navire dont la quille aura été posée le 1^{er} janvier 1935 ou ultérieurement. Tous les autres navires sont considérés comme des navires existants.
