Agreement for the Promotion of Commercial Exchanges, with Protocol of Signature, Protocol of Economic Co-operation, and Annex. Signed at The Hague, May 28th, 1937.

<sup>1</sup> TRADUCTION. — TRANSLATION.

NO. 4170. — AGREEMENT<sup>2</sup> FOR THE PROMOTION OF COMMERCIAL EXCHANGES BETWEEN BELGIUM, DENMARK, FINLAND, LUXEMBURG, NORWAY, THE NETHERLANDS AND SWEDEN. SIGNED AT THE HAGUE, MAY 28TH, 1937.

*French official text communicated by the Permanent Delegate of Norway to the League of Nations.  
The registration of this Agreement took place August 23rd, 1937.*

THE GOVERNMENTS OF BELGIUM, DENMARK, FINLAND, LUXEMBURG, NORWAY, THE NETHERLANDS AND SWEDEN,

Being desirous of continuing, in accordance with the principles laid down in the Oslo Protocol<sup>3</sup> of December 22nd, 1930, the co-operation which they inaugurated between themselves in the economic sphere in that year,

Considering, moreover, that the present time is favourable for joint action with a view to extending trade relations in general, and

Convinced, lastly, that this end should, in the first place, be pursued by gradually removing impediments to trade, abolishing the exceptional measures taken by the different States to protect themselves against the effects of the economic depression, and adopting measures providing more extensive and more definite guarantees of stability than those resulting from the Oslo Convention,

Have agreed as follows :

*Article I.*

The Governments of Belgium, Luxemburg and the Netherlands undertake to allow the goods enumerated in the annexed List A, originating in and coming from the territories of the signatory States, to be imported free of restriction, or to grant all such authorisations as may be requested as regards those of the said goods for which a preliminary authorisation is required.

The said Governments further undertake, as regards the goods originating in and coming from the territories of the signatory States, enumerated in the said list, not to take any step which would increase the Customs duties and special import charges and dues at present in force, or which would establish new ones.

<sup>1</sup> Traduit par le Secrétariat de la Société des Nations, à titre d'information.

<sup>1</sup> Translated by the Secretariat of the League of Nations, for information.

<sup>2</sup> *Ratifications deposited at Oslo :*

NORWAY . . . . .	July 31st, 1937.
SWEDEN . . . . .	September 28th, 1937.
FINLAND . . . . .	December 28th, 1937.
DENMARK (excluding Greenland) . . . . .	April 23rd, 1938.

The Agreement came provisionally into force on July 1st, 1937, in accordance with the Protocol of Signature.

The Permanent Delegate of Norway to the League of Nations, on behalf of his Government, informed the Secretariat of the League by letter, on June 11th, 1938, that this Agreement, not having been renewed, ceased to exist as from July 1st, 1938.

<sup>3</sup> Vol. CXXVI, page 349 ; and Vol. CXLII, page 380, of this Series.

*Article II.*

The Governments of Denmark, Finland, Norway, the Netherlands (for the Netherlands Indies) and Sweden undertake, as regards the goods enumerated in the annexed List B, originating in and coming from the territories of the signatory States, not to take any step which would increase the Customs duties and special import charges and dues at present in force, or which would establish new ones.

The said Governments further undertake that they will not impose any quantitative restriction as regards the importation of such of the said goods, originating in and coming from the territories of the signatory States, as are at present allowed to enter freely, even should the said importation be dependent on a preliminary authorisation.

*Article III.*

The Governments of the signatory States propose, moreover, to supplement the measures mentioned in Articles I and II, as also the bilateral agreements already negotiated between them, by concluding other agreements of the same kind, with a view to removing impediments to trade.

*Article IV.*

The Governments of the signatory States shall as far as possible communicate to the other signatory States, in order that the latter may be able to submit any objections they may wish to make, all measures imposing quantitative restrictions, currency control or special import charges on the importation of any goods to which such measures had not hitherto been applied.

This communication shall, in principle, be made fifteen days before the date on which it is proposed to put the measure in question into force. Should a Government be unable to observe the period of notice laid down above, it shall notify the other signatory States.

*Article V.*

The Governments of the signatory States agree to examine jointly any measure likely to put an end to practices of abnormal competition in the foreign trade affecting their countries.

They likewise agree to make a joint enquiry into the conditions governing the award of contracts and the placing of orders by States, municipalities, or any other public body, from the point of view of the preference given to home production.

*Article VI.*

Any State not a Party to the present Agreement may accede thereto, in accordance with the terms of a preliminary agreement to be concluded for this purpose between it and the other States already Parties to the Agreement.

*Article VII.*

The present Agreement shall be ratified as soon as possible and the instruments of ratification shall be deposited at the Ministry of Foreign Affairs at Oslo, which shall immediately inform the Governments of the other signatory States.

*Article VIII.*

The present Agreement shall enter into force on the eighth day after the last ratification has been deposited and shall be operative until July 1st, 1938. The Governments of the signatory States shall confer together in due time, before the above-mentioned date, for the purpose of fixing the conditions under which the mutual concessions stipulated in the present Agreement may be renewed and, if necessary, supplemented.

*Article IX.*

At the time of signature of the present Agreement or of the deposit of the instruments of ratification, each of the Governments of the signatory States may declare that it is bound only in respect of its European territories.

A Government availing itself of this right shall be entitled to inform the Norwegian Government subsequently that it desires to extend the Agreement to its oversea territories, colonies, or territories under mandate. The Norwegian Government shall immediately communicate such declaration to the Governments of the other signatory States. The Agreement shall enter into force, in so far as oversea territories, colonies or territories under mandate are concerned, fifteen days after the above-mentioned declaration.

A Government which has made this declaration shall also be entitled to declare at some subsequent date that it desires the Agreement to cease to have effect in respect of the territories in question. The procedure in the latter case shall be as laid down above.

*Article X.*

Should the Government of one of the signatory States consider that changes in the economic situation or in the state of foreign trade, which were not foreseen when the present Agreement was signed, make such a course necessary, the said Government may release itself entirely or in part from the obligations it has contracted under this Agreement. In that case, it must inform the Governments of the other signatory States of its intentions at least one month in advance.

Should the latter or one of them not agree thereto, the Governments of the signatory States shall at once consult together in order to find a friendly solution for the difficulties raised. If it should not prove possible to reach such a solution, each of the Governments of the signatory States shall be free to take the necessary measures to restore the balance between the concessions granted on either side.

In faith whereof the undersigned, duly authorised for the purpose, have signed the present Agreement.

Done at The Hague, on the twenty-eighth day of May, one thousand nine hundred and thirty-seven, in one copy, which shall be deposited in the archives of the Ministry of Foreign Affairs at Oslo. A certified copy shall be transmitted by that Ministry to the Governments of the signatory States.

## PROTOCOL OF SIGNATURE.

Pending the deposit of the instruments of ratification as prescribed in Articles VII and VIII of the Agreement signed this day, the Governments of Belgium, Denmark, Finland, Luxemburg, Norway, the Netherlands and Sweden have agreed to put the arrangements made in this Agreement into force provisionally as from July 1st, 1937.

In faith whereof the undersigned, duly authorised for the purpose, have signed the present Protocol.

Done at The Hague, on the twenty-eighth day of May, one thousand nine hundred and thirty-seven, in one copy, which shall be deposited in the archives of the Ministry of Foreign Affairs at Oslo. A certified copy shall be transmitted by that Ministry to the Governments of the signatory States.

## PROTOCOL OF ECONOMIC CO-OPERATION.

The Governments of Belgium, Denmark, Finland, Luxemburg, Norway, the Netherlands and Sweden, recognising the need for supplementing the measures mentioned in the Agreement signed on this day's date by adopting, as opportunity offers, other provisions with the same end in view, and desirous of maintaining close and constant co-operation between themselves, agree to arrange for periodical meetings of their delegates.

They consider that the Agreement they have just concluded should be regarded as a first step towards the lowering of trade barriers, and that the co-operation they propose will be the more effective in proportion as other Powers associate themselves therewith.

In faith whereof the undersigned, duly authorised for the purpose, have signed the present Protocol.

Done at The Hague, on the twenty-eighth day of May, one thousand nine hundred and thirty-seven, in one copy, which shall be deposited in the archives of the Ministry of Foreign Affairs at Oslo. A certified copy shall be transmitted by that Ministry to the Governments of the signatory States.
