EL PRESIDENTE DE LOS ESTADOS UNIDOS DE AMÉRICA Y EL PRESIDENTE DE LA REPÚBLICA DE CUBA, deseosos de estrechar los lazos tradicionales de amistad y comercio entre sus respectivos países, manteniendo como base de sus relaciones comerciales la concesión de un tratamiento recíproco preferencial, continuando así la política adoptada en la Convención <sup>2</sup> de Reciprocidad Comercial de 1902 entre ambos países, y tomando en consideración que el cambio de condiciones, desde entonces, ha hecho necesario variar las disposiciones de aquella Convención, han llegado al siguiente Acuerdo :

*Artículo I.*

Durante la vigencia de este Convenio, todos los artículos cosechados, producidos o fabricados en los Estados Unidos de América que hubieren sido admitidos libres de derechos de aduana si se hubieren importado en la República de Cuba en el día de la firma de este Convenio, y todos los artículos cosechados, producidos o fabricados en la República de Cuba, que hubieren sido admitidos libres de tales derechos si se hubieren importado en los Estados Unidos de América en el día de la firma de este Convenio, serán así admitidos libres de derechos por el país respectivo.

*Artículo II.*

A los artículos cosechados, producidos o fabricados en los Estados Unidos de América, enumerados y descritos en la Lista anexa número I que forma parte de este Convenio, se les concederán, al ser importados en la República de Cuba, reducciones exclusivas y preferenciales en los derechos de aduana no menores que los porcentajes especificados respectivamente en la Columna 1 de dicha Lista, siendo esos porcentajes de reducción aplicados a los tipos de derechos más bajos, respectivamente, pagaderos en la actualidad o en lo adelante, sobre artículos análogos cosechados, producidos o fabricados en cualquier otro país extranjero.

A ningún artículo cosechado, producido o fabricado en los Estados Unidos de América, enumerado y descrito en la Lista anexa número I, con respecto al cual se especifique un tipo de derechos en la Columna 2 de dicha Lista, se le someterá, en ningún caso, salvo lo dispuesto en el Artículo VIII o en el X, a derecho de aduana alguno en exceso del tipo así especificado.

A todo artículo cosechado, producido o fabricado en los Estados Unidos de América, que no esté comprendido en el Artículo I, y que no esté enumerado y descrito en la Lista I anexa a este

to this Agreement, shall, on importation into the Republic of Cuba, be granted an exclusive and preferential reduction in duty of not less than the percentage of reduction which would have been accorded if imported into Cuba on the day of the signature of this Agreement, such percentage of reduction being applied to the lowest rate of duty now or hereafter payable on the like article the growth, produce or manufacture of any other foreign country.

#### *Article III.*

Articles the growth, produce or manufacture of the Republic of Cuba enumerated and described in Schedule II annexed hereto and made a part of this Agreement shall, on their importation into the United States of America, be granted exclusive and preferential reductions in duties not less than the percentages specified respectively in Column 1 of the said Schedule, such percentages of reduction being applied to the lowest rates of duty, respectively, now or hereafter payable on like articles the growth, produce or manufacture of any other foreign country.

No article the growth, produce or manufacture of the Republic of Cuba enumerated and described in Schedule II annexed hereto, with respect to which a rate of duty is specified in Column 2 of the said Schedule, shall in any case, except as provided in Articles VIII or X, be subject to any Customs duty in excess of the rate so specified.

Every article the growth, produce or manufacture of the Republic of Cuba which is not provided for in Article I, and which is not enumerated and described in Schedule II annexed to this Agreement, shall, on importation into the United States of America, be granted an exclusive and preferential reduction in duty of not less than 20 per centum, such percentage of reduction being applied to the lowest rate of duty now or hereafter payable on the like article the growth, produce or manufacture of any other foreign country.

#### *Article IV.*

The United States of America and the Republic of Cuba agree that the notes included in the Schedules I and II are hereby given force and effect as integral parts of this Agreement.

#### *Article V.*

No quantitative restriction shall be imposed by the Republic of Cuba on any article the growth, produce or manufacture of the United States of America enumerated and described in Schedule I annexed to this Agreement, nor by the United States of America on any article the growth, produce or manufacture of the Republic of Cuba enumerated and described in Schedule II ; Provided, that the foregoing provision shall not apply to prohibitions or restrictions relating to public security ; imposed on moral or humanitarian grounds ; designed to protect human, animal or plant life ; relating to prison-made goods or goods the product of forced labor ; relating to the enforcement of police or revenue laws ; or designed to extend to imported products a regime analogous to that affecting like or competing domestic products, such as restrictions imposed on imported products the production of which may be restricted within the importing country.

With respect to the allotment of quotas by the United States of America or the Republic of Cuba for any article on which quantitative restrictions are not prohibited by this Agreement, there shall be no discrimination against any person or company importing or exporting such articles between the two countries.

#### *Article VI.*

On and after July 1st, 1935, fees, charges or exactions imposed by the United States of America or the Republic of Cuba for consular certification of invoices and for other consular services pertaining to the documentation of any shipment of articles the growth, produce or manufacture of the territory

of the other country shall not exceed in the aggregate 2 per centum of the free on board (F.O.B.) invoice value of the merchandise concerned, at the port of exportation, except that this limitation shall apply only when the charges for such services would otherwise be in excess of two dollars and a half on merchandise of Cuban origin or two pesos and a half on merchandise of origin in the United States of America. Such fees, charges or exactions shall not in any case be higher than those imposed by the United States of America or the Republic of Cuba, respectively, upon shipments of like merchandise from any other country. This Article, however, shall not be construed to embrace such reasonable fees, charges or exactions pertaining to documentation required by the sanitary laws or regulations of the United States of America or the Republic of Cuba as are commensurate with the services performed.

#### Article VII.

In respect of articles the growth, produce or manufacture of the United States of America or the Republic of Cuba, imported into the other country, on which *ad valorem* rates of duty may be assessed, it is understood and agreed that the methods of determining dutiable value and of converting currencies shall be no less favorable to importers than the methods prescribed under presently existing laws and regulations of the respective importing country.

#### Article VIII.

All articles the growth, produce or manufacture of the United States of America or the Republic of Cuba, shall, after importation into the territory of the other country, be exempt from national or federal internal taxes, fees, charges or exactions, other or higher than those payable on like articles of national or any other foreign origin.

All articles enumerated and described in Schedule I annexed to this Agreement, with respect to which a rate of duty is specified in Column 2 of the said Schedule, shall be exempt from all taxes, fees, charges, or exactions, in excess of those imposed or required to be imposed by laws of the Republic of Cuba in effect on the day on which this Agreement comes into force; and all articles enumerated and described in Schedule II annexed to this Agreement, with respect to which a rate of duty is specified in Column 2 of the said Schedule, shall be exempt from all taxes, fees, charges or exactions, in excess of those imposed or required to be imposed by laws of the United States of America in effect on the day on which this Agreement comes into force.

The provisions of this Article, insofar as they apply to taxes, fees, charges, or exactions imposed within the United States of America, shall apply only to such taxes, fees, charges, or exactions as are subject to statutory control by the Federal Government of the United States of America.

#### Article IX.

On and after the day on which this Agreement comes into force, articles the growth, produce or manufacture of the United States of America and articles the growth, produce or manufacture of the Republic of Cuba previously imported into the other country shall be subject to the provisions of this Agreement, if entry therefor has not been made, or if they have been previously entered without payment of duty and under bond for warehousing, transportation, or any other purpose, and without any permit of delivery to the importer or to his agent having been issued: Provided, that when duties are based upon the weight of merchandise deposited in any public or private warehouse, the said duties shall, except as may be otherwise specially provided in the tariff laws of the respective countries in force on the day of signature of this Agreement, be levied and collected upon the weight of such merchandise at the time of its entry.

#### Article X.

In respect to articles subject to specific rates of duty, neither the United States of America nor the Republic of Cuba shall impose any additional duty, surtax, or other charge, by reason of

any reduction in the value of its coin or currency with reference to the legal gold equivalent thereof as of June 1st, 1934: Provided, that in the event that any such reduction shall have exceeded 10 per centum with reference to the legal gold equivalent of such coin or currency as of June 1st, 1934, the rates of duty levied on a specific basis in the country whose coin or currency is so reduced in value on imported articles the growth, produce of manufacture of the other country may be increased to an extent no greater than is necessary to compensate for such reduction on the date of the arrival of the imported merchandise at the port of entry; except that any such increase in rates of duty imposed by either country on imported articles the growth, produce or manufacture of the other country, shall not be greater proportionately than the increase in rates of duty on like articles the growth, produce or manufacture of any other foreign country.

#### Article XI.

The Customs preferences and other benefits provided for in this Agreement are granted by the United States of America and the Republic of Cuba to each other subject to the condition that the Government of each country will refrain from subjecting payments or the transfer of means of payment or the disposition thereof to any regulation, restriction, charge or exaction, other or higher than was in force on April 1st, 1934, which results in: (1) Impairing or circumventing any provision of this Agreement; (2) Placing an undue burden on trade between the nationals or residents of the respective countries; or (3) Preventing or hindering nationals of either country residing, doing business, or traveling in the territory of the other country from securing and transferring in or to either country the funds reasonably necessary for, or arising from, such residence, business, or travel. In the event that the Government of either country considers that the other country has failed to comply with the conditions expressed in this Article, and the latter country shall not have satisfactorily corrected the regulation, restriction, charge or exaction out of which such failure arose, after formal complaint has been made thereof, the Government of the country so complaining may terminate the Agreement thirty days after giving notice to the other Government.

Nothing in this Article shall be construed to prevent the adoption of measures prohibiting or restricting the exportation of gold or silver.

#### Article XII.

The United States of America and the Republic of Cuba retain the right to apply such measures as they respectively may see fit with respect to the control of the export or sale for export of arms, munitions, or implements of war, and in exceptional circumstances of other material needed in war.

#### Article XIII.

No administrative ruling by the United States of America or the Republic of Cuba effecting advances in duties or charges applicable under an established and uniform practice to imports from the territory of the other country shall be effective retroactively or with respect to articles either entered for or withdrawn for consumption prior to the expiration of thirty days after the date of publication of notice of such ruling in the usual official manner. The provisions of this Article do not apply to administrative orders imposing anti-dumping duties, nor relating to sanitation or public safety, nor giving effect to judicial decisions.

#### Article XIV.

Laws, regulations of administrative authorities, and decisions of administrative or judicial authorities, pertaining to the classification of articles for Customs purposes and to rates of duty shall be published promptly in such a manner as to enable traders to become acquainted with them. Such laws, regulations, and decisions of the United States of America or the Republic of

Cuba shall be applied uniformly at all ports of entry of the country, except as otherwise specifically provided in statutes of the United States of America relating to articles imported into Puerto Rico.

*Article XV.*

The provisions of this Agreement shall not apply to the Philippine Islands, the Virgin Islands, American Samoa, the Island of Guam, nor to the Panama Canal Zone.

*Article XVI.*

The operations of the provisions of the Commercial Convention, concluded between the United States of America and the Republic of Cuba on December 11th, 1902, shall be suspended on the day on which the present Agreement comes into force. In the event of the expiration or the denunciation of the present Agreement, the provisions of the aforesaid Convention of 1902 shall automatically resume operation and shall continue in full force and effect as provided therein until the expiration of one year from the day on which the Government of either country shall have given notice to the other Government of an intention to terminate it.

*Article XVII.*

The present Agreement shall come into force on the tenth day following the day of the signature thereof, after proclamation by the President of the United States of America and the President of the Republic of Cuba, and shall remain in full force for the term of three years thereafter, unless terminated pursuant to the provisions of Article XI or of the third paragraph of this Article.

Unless at least six months before the expiration of the aforesaid term of three years the Government of either country shall have given to the other Government notice of an intention to terminate the Agreement upon the expiration of the aforesaid term or it shall have been terminated pursuant to the provisions of Article XI or of the third paragraph of this Article, the Agreement shall remain in full force thereafter until six months from such time as the Government of either country shall have given notice to the other Government.

If, however, the rates of duty on sugar or tobacco specified in Column 2 of Schedule II annexed to this Agreement shall be increased in accordance with the provisions set forth in the notes to paragraphs 501 or 605 of the said Schedule, this Agreement may be terminated by the Government of either country by giving notice to the other Government of an intention to terminate it at the expiration of thirty days from the date of such notice.

In witness whereof, the respective Plenipotentiaries have signed this Agreement and have affixed their seals hereto.

DEPARTMENT OF STATE.

WASHINGTON, August 24th, 1934.

EXCELLENCY,

I have the honor to confirm my understanding of the views developed by the conversations which have recently taken place at Habana between the Government of the United States of America and the Government of the Republic of Cuba with reference to the exportation of avocados and pineapple slips from Cuba to the United States of America, its territories and possessions, as follows :

The conversations between the two Governments have resulted in a mutual understanding that the Government of Cuba agrees not to permit the exportation of avocados to the United States of America by any carrier clearing from the final Cuban port or place of call except during the period from June 1st to September 30th, inclusive, of each year, beginning with the calendar year 1935, and that the Government of Cuba will promulgate forthwith and enforce the regulations necessary to make this commitment effective.

These conversations between the two Governments have also developed a further understanding that the Cuban Government will permit the exportation of pineapple slips to the United States of America, its territories and possessions, subject to such regulations as the Cuban Department of Agriculture may establish. I shall be obliged if I may receive your confirmation of the correctness of this understanding.

I am happy to avail myself of this opportunity to renew to you, Excellency, the assurances of my highest and most distinguished consideration.

Cordell HULL,

*Secretary of State of the United States of America.*

el Gobierno de la República de Cuba con referencia a la exportación de aguacates e hijos de piña de Cuba a los Estados Unidos de América, sus territorios y posesiones.

El criterio de Vuestra Excelencia está exactamente de acuerdo con el mío. Las conversaciones entre los dos Gobiernos han culminado en un acuerdo por el cual el Gobierno de Cuba no permitirá la exportación de aguacates a los Estados Unidos de América por ningún medio de transporte, despachado del puerto terminal cubano o punto de escala excepto durante el período de 1º de junio a 30 de septiembre, inclusive, de cada año, empezando con el año corriente de 1935, y que el Gobierno de Cuba promulgará inmediatamente y hará cumplir los reglamentos necesarios para hacer efectivo este compromiso.

Estas conversaciones entre los dos Gobiernos han producido también el entendimiento adicional de que el Gobierno de Cuba permitirá la exportación de los hijos de piña para los Estados Unidos de América, sus territorios y posesiones, sujeta a los reglamentos que el Departamento de Agricultura de Cuba pueda dictar.

Aprovecho esta oportunidad para reiterar a Vuestra Excelencia las seguridades de mi más alta consideración.

<sup>1</sup> TRADUCTION. — TRANSLATION.N<sup>o</sup> 3533. — ACCORD COMMERCIAL ENTRE LES ÉTATS-UNIS D'AMÉRIQUE ET LA RÉPUBLIQUE DE CUBA. SIGNÉ A WASHINGTON, LE 24 AOUT 1934.

LE PRÉSIDENT DES ÉTATS-UNIS D'AMÉRIQUE et LE PRÉSIDENT DE LA RÉPUBLIQUE DE CUBA, désireux de renforcer les liens traditionnels d'amitié et de commerce entre leurs pays respectifs en maintenant comme base de leurs relations commerciales l'octroi d'un traitement préférentiel de réciprocité, continuant ainsi la politique adoptée dans la Convention de réciprocité commerciale signée en 1902 entre les deux pays, et considérant que les changements survenus dans la situation ont rendu nécessaire de modifier les dispositions de ladite convention, ont conclu l'accord ci-après :

*Article premier.*

Pendant la durée du présent accord, tous les articles, produits naturels ou manufacturés des Etats-Unis d'Amérique qui, le jour de la signature de cet accord, étaient admis en franchise à leur importation dans la République de Cuba et tous les articles, produits naturels ou manufacturés de la République de Cuba qui, à la même date, étaient admis en franchise à leur importation aux Etats-Unis d'Amérique, seront admis en franchise par le pays d'importation.

*Article II.*

Les articles, produits naturels ou manufacturés des Etats-Unis d'Amérique énumérés et désignés dans la liste I ci-annexée qui fait partie intégrante du présent accord, bénéficieront à leur importation dans la République de Cuba de réductions de droits exclusives et préférentielles qui ne seront pas inférieures au pourcentage spécifié pour chacun d'eux dans la colonne 1 de ladite liste, ces pourcentages de réduction s'appliquant aux droits les plus faibles acquittés actuellement ou qui seront acquittés par la suite sur les articles similaires, produits naturels ou manufacturés de tout autre pays étranger.

Aucun des articles, produits naturels ou manufacturés des Etats-Unis d'Amérique, énumérés et désignés dans la liste I ci-annexée et au sujet desquels un droit est spécifié dans la colonne 2 de ladite liste, n'acquittera en aucun cas des droits plus élevés que le droit ainsi spécifié, sauf dans les cas prévus aux articles VIII et X.

Tout article, produit naturel ou manufacturé des Etats-Unis d'Amérique, qui n'est pas visé à l'article I et qui n'est pas énuméré ni désigné dans la liste I annexée au présent accord, bénéficiera à son importation dans la République de Cuba d'une réduction de droits exclusive et préférentielle qui ne sera pas inférieure au pourcentage de réduction qui aurait été consenti si cet article avait été importé à Cuba le jour de la signature du présent accord, ce pourcentage de réduction étant appliqué au droit le plus faible acquitté actuellement ou qui sera acquitté par la suite sur un article similaire, produit naturel ou manufacturé de tout autre pays étranger.

*Article III.*

Les articles, produits naturels ou manufacturés de la République de Cuba, énumérés et désignés dans la liste II ci-annexée qui fait partie intégrante du présent accord, bénéficieront, à leur importation aux Etats-Unis d'Amérique, de réductions de droits exclusives et préférentielles qui ne seront pas
